The Net-X-Code Suite provides tools for IP communication infrastructure and RESTful API, unicast and multicast IP video capture and conversion, an IP Video streamer, transcoding, partial file restoration and a real time player with clipping.

Net-X-Code Server includes Media-Reactor, ccConvert, and videoQC.

## Net-X-Code

**Net-X-Code Server** - multichannel IP stream and SDI/HDMI ingest, transcode, and output. Includes Net-X-Cmd, Net-X-Base, Net-X-Convert, Net-X-SDI, Net-X-Schedule, Net-X-Player, Net-X-Stream, Net-X-Server, ccConvert, videoQC, and MediaReactor Workstation  
DRS-NTS-V7...\$9,995.00 US

**Net-X-Code Channel** - provides a single channel add on within a Net-X-Code Server cluster. This add on requires at least one Net-X-Code Server to operate.  
DRS-NTX-V7...\$2,495.00 US

\* first install of Net-X-Code Server requires \$2,500.00 US commissioning fee

## Media File Scanner

**Media File Scanner** - Scans local, network, or cloud storage for media files and camera cards, and performs conversions, proxies, REST calls etc. This add on requires at least one Net-X-Code Server to operate.  
DRS-MFS-V7...\$7,495.00 US

## Net-X-Convert

**Net-X-Convert** - command line transcoding to all standard files plus all codecs. Includes Net-X-Proxy.  
NTX-CNV-V7..\$2,495.00 US

## Net-X-Proxy

**Net-X-Proxy** - command line transcoding to proxy files.  
NTX-PRX-V7...\$895.00 US

Signal analysis tools featuring Waveform, vectorscope, histogram, chromaticity, audio, data and picture modes, with up to 6 scopes at a time, including full BT.2020, Rec.709, CCIR-601, and RGB color space. AJA, Bluefish444 and Blackmagic hardware support, with ScopeDirect editor output analysis

## 2110Scope

**2110Scope** - provides a range of professional audio and video waveform/vectorscope tools, designed for ST-2110 signals. Includes all the features of the other scopes, and adds IP Timing display.

NVA-REL-V7...\$1,995.00 US

\* Requires one of the following environments for SMPTE 2110/2022 support:

Matrox: ST 2110 Network Adapters  
 AJA: Kona IP  
 Mellanox NVIDIA  
 Bluefield-2 or Connect-X 6:  
 (requires Rivermax license)

## HDRScope

**HDRScope** - signal analysis and review for up to up to 8K signals. Provides Picture, Vectorscope, Waveform, Histogram, Chromaticity, Status, and various Audio Scopes. Includes 4KScope features, and adds Composite/Overlay, MaxCLL/MaxFALL display  
 8KS-REL-V7...\$895.00 US

## 4KScope

**4KScope** - signal analysis and review for up to up to 4K/HDR signals. Provides Picture, Vectorscope, Waveform, Histogram, Chromaticity, Status, and various Audio Scopes. Adds CC/XDS display, web server, error log, region/line select, ScopeDirect for editors  
 4KS-REL-V7...\$495.00 US

## sdiScope

**sdiScope** - signal analysis and review for SD/HD signals. Provides Picture, Vectorscope, Waveform, Histogram, Chromaticity, Status, and various Audio Scopes.  
 SDS-REL-V7...\$149.00 US

NETXROUTER routes up to 16 SRT, UDP, RIST, and RTP streams in and out  
FlowCaster provides IP based real time group review and collaboration tools for viewing IP streams over the internet.

The flowcaster.live site provides collaborative tools for review & approval workflows

## NETXROUTER 8/8

**NETXROUTER 8/8** - Provides 8 channels of SRT/RTP/UDP/RIST input, and 8 channels of SRT/RTP/UDP/RIST output. Each input may be sent to multiple outputs, in any of the supported formats, until all 8 inputs and 8 outputs are in use. Each output is available for up to 4 targets to view.

NXR-8x8.....\$11,995.00 US

## NETXROUTER 16/16

**NETXROUTER 16/16** - Provides 16 channels of SRT/RTP/UDP/RIST input, and 16 channels of SRT/RTP/UDP/RIST output. Each input may be sent to multiple outputs, in any of the supported formats, until all 16 inputs and outputs are in use. Each output is available for up to 4 targets to view.

NXR-1616.....\$23,995.00 US

## FlowCaster

**FlowCaster** - Review and approval solution, with secure high quality feed from creative software, signal, or file, to remote users. Streams include audio, video, captions, Anc and HDR signalling. Supports NDI, HDMI/SDI, ST-2110, UDP, RTP, RTMP, WebRTC/WHIP, SRT, RIST, and CDI.

FLO-VWR-V7..\$495.00 US

videoQC provides a range of capabilities from file/stream playback, metadata, and closed caption viewing, to robust Quality Assurance with export, comparisons and reports, a complete set of scopes, support for hardware output, metrics charting, full reference comparison, templating tools and more.

## videoQC

**videoQC View** - simple media player with a limited range of features. Supports all standard files.  
VQC-VWR-V7....\$99.00 US

**videoQC Pro** - Pro version, adds audio and video scopes, closed caption display, SDI HDMI output, hex/decimal pixel display  
VQC-PRO-V7...\$495.00 US

**videoQC Inspect** - for deeper file inspection, adds file clipping/export, audio routing, metric charting, automated comparison, serial control  
VQC-INS-V7....\$895.00 US

**videoQC Workstation** - complete quality control solution, includes all the features of the other versions, provides automated metric generation, HTTP, single analysis, and full reference comparisons  
VQC-WKS-V7.\$1,495.00 US

## Options

### Licensable Codecs

**JPEG2000 Codec Option** - provides real time support for HD JPEG2000 1080p60  
OPT-JP2.....\$250.00 US

**CineForm Option** - provides support for CineForm codec  
OPT-CIN....\$200.00 US

**Avid DNxHD/DNxHR Codec Option** - provides support for Avid DNxHD/DNxHR codec in videoQC View  
OPT-DNX.....\$50.00 US

MediaReactor provides plugins and transcoding tools for a wide range of broadcast and production files, so editors and broadcasters can access and use their media.

Versions for most editors, as well as more comprehensive solutions available.

## MediaReactor

**MediaReactor Workstation for Adobe** - plugin provides full standard range of formats for Adobe software  
MRW-ADB-REL-V7..\$495.00 US

**MediaReactor Workstation for Avid** - plugin provides full standard range of formats for Avid software  
MRW-AVD-REL-V7..\$495.00 US

**MediaReactor Workstation for Autodesk** - plugin provides extended read formats for Autodesk software  
MRW-AUO-REL-V7..\$495.00 US

**MediaReactor Workstation for Assimilate** - plugin provides extended read formats for Assimilate software  
MRW-ASM-REL-V7..\$495.00 US

**MediaReactor Dolby Vision for Adobe** - plugin provides Dolby Vision support in Adobe software  
MRW-DBV-REL-V7..\$495.00 US

## MR Lite

**MediaReactor Lite for Adobe** - provides a limited number of read and write formats for Adobe  
MRL-AD1-V7....\$99.00 US

**MediaReactor Lite for Avid** - provides a limited number of read and write formats for Avid  
MRL-AV1-V7....\$99.00 US

## Codec Options

### Licensable Codecs

**CineForm Option** - provides read/write support for the CineForm codec  
OPT-CIN.....\$200.00 US

**Avid DNxHD/DNxHR Codec Option** - provides support for Avid DNxHD/DNxHR codec in MediaReactor Lite  
OPT-DNX.....\$50.00 US

Drastic OEM products allow third party enterprises to build the extensive capabilities of Drastic input and output software into their application for custom, integrated or branded products.

Available for qualified OEMs and integrators.

## DTMediaRead

**DTMediaRead SDK** - allows the user's application to read/play Drastic formats, includes NRE  
S02-SDK.....\$3,000.00 US

**DTMediaRead Seat License** - per install seat license  
S01-LIC.....\$495.00 US

## DTMediaWrite

**DTMediaWrite SDK** - allows the user's application to write/record Drastic formats, includes NRE  
S03-SDK.....\$3,000.00 US

**DTMediaWrite Seat License** - per install seat license  
S03-LIC.....\$795.00 US

## DTMedia Read/Write

**DTMediaRead/Write Seat License** - provides for one instance of installed application containing both DTMediaWrite and DTMediaRead components. Requires purchase of both DTMediaRead and DTMediaWrite SDKs.  
S04-LIC.....\$1,100.00 US

For more than two decades, Drastic™ has been developing cutting edge digital video solutions for television, post production and sports broadcasting, from real time web delivery to 8K broadcast.

We offer standalone software products as well as OEM tools for developers

## Contact Us

To contact Drastic regarding our products, employment opportunities, investment, strategic relationships, or to obtain information on becoming a reseller, you can send a message to: [info@drastictech.com](mailto:info@drastictech.com)

**Basic Support** - provides technical support for 90 days from date of activation on software and 1 year on servers. Support by phone is available from 9:00 AM to 5:00 PM Eastern Time.

-Bug fixes are provided free of charge

-After the 90 day period has elapsed the following technical support services are offered:

1) Phone in or email support

Initial consultation - up to 30 minutes free

Further phone support - \$35.00 US per half hour minimum

2) On site Technical Support/ Initial Installation On site Training Package (US and Canada):

\$2,500.00 US each day for the first two days

\$1,500.00 US for each subsequent day

**Drastic Maintenance and Support Program** – provides enhanced technical support, fixes, improvements and upgrades

- There is no charge for all phone or email support

- Emails from customers on M&S will be reviewed and responded to out of office hours when possible, in the evening and early morning.

- Any actual bugs will be given higher priority in the development queue

- Enhancement requests to the product will be given higher priority in the development queue

- Software version upgrades will be provided at no charge

- Available for 15% of the product's retail price, per year, term beginning at date of licensing.
